The "new figure" vogue stimulates us to add the very latest Redfern styles in order that you may be served fashionably in your corset model.

Redfern Models are used by high-class designers of costumes, both in this country and Europe, as the most exact and beautiful foundation upon which to build their garments, which "set the style" for the world.

"The Murray and Mack" Democratic comedy team seems to be about all "Mack."

PERHAPS the people of Oklahoma passed that law guaranteeing Bank deposits because they knew what kind of a Governor they had.

THE Democratic managers have appointed NATHAN STRAUS to get the votes of business men for BRYAN. Whew! Talk about the task of Atlas!

Not the least of his qualifications for promotion to the White House is that Judge TAFT has passed successfully the severest examinations of that hardest of teachers, Experience.

THE Courier-Journal boasts that the Democratic party is responsible for the law making "Labor Day" a legal holiday. With BRYAN and the Democrats in charge at Washington half the days in the calendar would be holidays, as there would be nothing doing in half the workshops in the land.

PRESIDENT McKINLEY said: "I am sending TAFT to the Philippines because he is the broadest and most unselfishly brave man I know, and because he will carry the spirit of the Constitution of the United States in his very blood."

THE following note was handed to Judge TAFT while in his automobile at Lafayette, Ind.:

"Mr. TAFT, twelve years ago I drove a mortgaged mule to this city to hear Mr. BRYAN speak. Today I came in my automobile to hear you. Can you guess who I am going to vote for? (Signed) E. V. D."

PRESIDENT S. M. FELTON of the Mexican Central Railroad, a personal friend of Judge TAFT, recently said:

"In my judgment, the election of Judge TAFT to the Presidency is of the utmost importance to the railroad men as a class, because it means the restoration of confidence, which is necessary before we can hope for a permanent revival in business. The great trouble with the railroads has been of late their inability to raise the necessary money to carry on extensions and improvements."

THE almost certain prospect that the Tariff will be revised on a Protective basis minimizes the fear of great industrial disturbance in that direction.

One of the Tammany delegates at the Denver Convention was approached by an old acquaintance who was badly down in his luck. Siding up to the Tammanyite he said:

"Say, Billy, lend me a twenty, will you? I'm short." The New Yorker went down into his pocket, fished out a big roll and handed a ten-dollar bill to the seedy one.

"Say, Billy," said he of the touch, "I said twenty." "I know you did," said the politician, "but I think this way is fairer. You lose ten and I lose ten. See?"

Saturday, October 31st,

1906, is Piano Day in our big Closing-Out Sale. Upon this day our energies will be devoted to the Piano Department.

CAUTION.

Please do not visit our sale upon this day expecting to purchase furniture. Remember these three facts, please:

The date—Saturday, October 31st.
The special—Pianos.
The fact—Marvelous Propositions.

With these facts in mind we ask your attendance at the following hours, and please do not burden us except upon the hours in which the makes of pianos in which you are interested are on sale:

From 7 to 9 a. m. will be devoted to "The Howard Piano." This is a piano with which you are all familiar, having been sold in your midst for several years by the Baldwin Agent. You are likewise familiar with the prices that you have always been charged for the same Howard Piano. We say "Prices" advisedly, for it is a fact that you paid all the way from \$200 up to \$250 for Howard Pianos. At the hours named next Saturday we will sell you the same Howard Piano, in nicely carved upright case, for \$89.

From 9 to 11 a. m. we offer you Cable & Sons' Piano, in massive upright cabinet, grand case. This is a \$250 instrument and an offering that will be quickly appropriated at \$88.

From 12 a. m. to 4 p. m. we offer five (5) genuine Kohler & Campbell Pianos at prices that give us heartache. The Kohler & Campbell Piano is our favorite—a first product of an old-time manufacturer who devotes the closest attention to the minutest detail of his art. The Kohler & Campbell Piano is indeed a work of art, witness to which you can find in a number of the best homes in Maysville.

From 4 to 6 p. m. we give you Ebersole Pianos. We say "Give" advisedly, for it is a shame to separate one's self from an Ebersole Piano at these prices. The Ebersoles, as you well know, is "The Conservatory of Music" Piano, and is quite famous throughout the Ohio Valley. The Ebersole prices are familiar to you—\$365 to \$450—and they are worth every cent they cost. If you will call between the hours of 4 and 6 p. m. next Saturday we will let you take one of these "Music College" pianos from us at about one-third its worth.

From 6 to 9 p. m. we give away the Antioch piano. The Antioch piano is the original and genuine self-player piano, a world renowned piece that sells at \$550. To the fortunate ones who call at the hours stated next Saturday new Antioch piano in beautiful case will be sold at \$318.

Our story is told: It is now up to you to act. Remember the date, Saturday, October 31st, and select the hours in which instruments that you are interested in will be offered.

Yours truly,

John I. Winter

BLUE WOMEN

Women should understand that melancholia, commonly called "the blues," is in nine times out of ten a sure symptom of some serious female organic derangement and should have immediate attention.

Women whose spirits are depressed, and who are ailing and miserable, should rely upon

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

as is evidenced by following letters.

Mrs. F. Ellsworth, of Mayville, N. Y., writes to Mrs. Pinkham: "For three years I was in an awful despondent and nervous condition caused by female troubles. I was not contented anywhere, and was in such constant fear that something terrible was going to happen that it seemed as though I should lose my mind. Lydia E. Pinkham's Vegetable Compound has restored my health, and I cannot say enough for it."

Mrs. Mary J. Williams, of Bridgeport, Ill., writes to Mrs. Pinkham: "I have been suffering from a female trouble, backache and headaches, and was so blue that I was simply in despair. I feel it my duty as well as my pleasure to tell you that Lydia E. Pinkham's Vegetable Compound cured me. The change in my appearance is wonderful, and I wish every suffering woman would try it."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, irregularities, periodic pains, backache. Why don't you try it?

WORK THAT TELLS.

Plenty of It Has Been Done Right Here in Maysville.

Cures that last are cures that tell. To thoroughly know the virtues of a medicine you must investigate the cure and see if they prove permanent. Doan's Kidney Pills stand this test, and plenty of proof exists right here in Maysville. People who testified years ago to relief from backache, kidney and urinary disorders now declare that relief was permanent and the cure perfect. How can any Maysville sufferer longer doubt the evidence? M. C. Chisholm, 317 East Second street, Maysville, Ky., says:

"The cure which Doan's Kidney Pills effected in my case several years ago has remained permanent, and the testimonial I gave in their favor at that time still holds good. As previously stated, I was bothered a great deal by the too frequent action of the kidneys, this being especially annoying at night, when I would be obliged to arise several times. Having my attention called to Doan's Kidney Pills, I procured a box at J. J. Wood & Son's Drugstore, and I had only taken them a short time when I noticed a marked improvement in my condition, and continuing with their use was cured. I have since learned of several instances in which Doan's Kidney Pills have been used with like results, and this has only served to strengthen my already high opinion of them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

DWELLING BURNED

Home of Mr. J. J. Haggerty Destroyed By Fire Yesterday

Yesterday morning at 7 o'clock the one story frame dwelling on Tuckahoe owned by Mrs. Thomas D. Osborne and occupied by Mr. J. J. Haggerty, caught fire while Mrs. Haggerty was preparing breakfast, and was entirely consumed.

Only a few household articles were saved. Loss \$700, with small insurance.

Some of Bryan's "Reforms."

Bryan is reported as saying in a speech at Cincinnati that Mr. Taft was claiming credit for reforms he (Bryan) had long advocated.

The "reforms" with which Bryan's name has been associated in the public mind are the Wilson-Gorham tariff bill of 1893-4, which brought upon the United States the worst stagnation and depression of industry since 1857, the calamities of that year having also been caused by a Democratic low tariff, the scheme for which Bryan fought with such frenzy in 1896 to put fifty cent dollars in place of good money and pay all debts, including the wages of labor, in the depreciated currency; his proposal of 1900 to abandon the Philippines at a time when order had been nearly restored there at the cost of hundreds of our soldiers' lives and many millions of American money; his opposition in 1900 to federal legislation for the restraint of trusts; his more recent proposition that the federal government should own all the railways, modified later by the proviso that the nation should buy all the big lines and the states the small ones; his advocacy of a compulsory guaranty of bank deposits, enabling any scoundrel to do business as a banker on the strength of a guaranty which would throw upon others the burden of his recklessness or absolute dishonesty, and last, but not least, his amazing contrivance for "preventing" trusts by refusing to allow one corporation to handle more than 50 per cent of domestic trade in one particular article.

If Mr. Taft has claimed any of these "reforms" the fact has escaped public notice. Bryan's title to all of them is undisputed. It is a list that carries with it the evidence from Bryan's own record of his pitiful incapacity to grasp public questions in a practical way, of his utter unfitness to be trusted with the power of chief magistrate over the vast interests that come within the scope of federal authority. Mr. Taft's high standing and his certainty of election are based on the fact that he is all that Bryan is not; that his past and his present offer to the American people and to the world an example of good citizenship, of able and unprejudiced conduct on the bench and of courage, firmness and sympathy in the direction of the great undertakings and momentous public duties intrusted to his charge, which prove his eminent fitness for the highest of all charges—the office of president. If Bryan misses any of his "reforms" he will have to look for them in some other direction than the Republican national ticket.

The west is marketing the biggest wheat crop in its history, and it is not on a parity with silver either, as Mr. Bryan may learn from a glance at the market reports.

"This is a vast country," says Mr. Bryan. Yes, it is big enough to furnish burial ground for all of Mr. Bryan's collection of dead paralytics.

Mr. Bryan says he does not know whether he is a farmer or an agriculturist. Unfortunately for him, the farmers know.

Postal savings banks would be a guardian to thrift; guaranteed bank deposits would tax the conservative to pay the losses of the reckless.

J. JAMES WOOD & SON

E. N. Forsyth shipped two carloads of lumber to Cincinnati this morning over the L. and N.

On the C. and O. siding in the Fifth and Sixth Wards are twenty large coal cars loaded with cast iron gas pipe. Each car contains 36 pieces, 19 inches in diameter, 15 feet in length and a quarter of an inch in thickness. In feet length the whole lot measures 10,800—something over two miles. The pipe belongs to the Cincinnati Gas Transportation Company, and will be unloaded at Cabin Creek, being part of the material used in laying the gas line through Mason county.

George M. Allen was appointed and qualified as Game and Fleb Warden, with H. W. Wood surety on bond.

Mrs. Maggie McGinnis produced and filed her sale bill as Administratrix of Patrick McGinnis, deceased.

Mrs. Sallie P. Jenkins was exonerated on a \$300 assessment on two lots in the Sixth Ward, same being reduced to \$200.

LIMESTONE LEAGUE

Republican Club Met Last Night—Vice-President and Executive Committee Selected

There was another enthusiastic meeting last night of the Limestone Republican League, with President Davis in the Chair.

The attendance was quite large and it is plainly in evidence that interest in the growth and welfare of the organization is spreading with gratifying speed.

President Davis gave an interesting talk about the parent body, the National Republican League, and later read a lengthy, but eloquent, letter from the headquarters of the League, Astor House, New York, setting forth the status and wonderful increase in the League since Mr. John Hayes Hammond became its President and what great things are in store for it as a representative National Republican organization.

Mr. John T. Short was elected Vice-President of the Limestone League by acclamation. On motion the President appointed the following Executive Committee: W. D. Cochran, C. C. Hopper, M. C. Hutchins, C. T. Brown and A. F. Curran.

The constitution was read by Secretary Sharp and was unanimously adopted.

The Club will meet at Council Chamber tomorrow evening at 7 o'clock and march to the Central Hotel to meet Hon. Ben L. Bruner and escort him to the Courthouse, where he will speak.

Mr. John Eppard has moved from Oklahoma to Sutton street.

The Government decrees that "Bourbon whiskey" can only be manufactured in Kentucky. It cannot be made in another State and so labelled under the Pure Food Law. The decision was in the case of so called Bourbon made from molasses and treated with acids.

Hon. Ben L. Bruner, Secretary of State, will speak at the Courthouse, Maysville, tomorrow night.

KANAWHA COAL

Coming—Over a Million Bushels Left Point Pleasant Last Night

A sudden rise in the New River District resulting from a heavy rainfall will permit the shipment of over one million bushels of coal to Cincinnati. The coal fleet left Point Pleasant last night.

All local packets between Gallipolis, Cincinnati and Louisville will resume their trips and several hundred men who have been idle for three months will be given employment.

Empty barges will be raebed to the Kanawha river mines to be loaded as quickly as possible.

PORTLAND, MAINE, CHILD Ill, Weak and Emaciated, Restored to Health by Vinol

"Our little daughter, six years of age, after a severe attack of the measles, which developed into pneumonia, was left pitifully thin, weak and emaciated. She had no appetite, and her stomach was so weak it could not retain food. She lay in this condition for weeks, and nothing the doctor prescribed did a bit of good, and we were beginning to think she would never recover.

"At this time we commenced to give her Vinol, and the effect was marvelous. The doctor was amazed at her progress, and when we told him we were giving her Vinol, he replied, 'It is a fine remedy, keep it up.' We did so, and she recovered her health and strength months before the doctor thought she could."

J. W. Flagg, Portland, Me.

Vinol cures conditions like this because in a natural manner it increases the appetite, tones up the digestive organs, makes rich, red blood, and strengthens every organ in the body.

Vinol is sold in Maysville by John C. Pecor, Druggist.

The cross streets leading from Second to Forest avenue are sadly deficient in the way of sidewalks, there being only one passable street, the one on Lexington street. Commerce street should have concrete sidewalks on both East and West side of said thoroughfare. In winter time it is almost impossible to traverse said street in consequence of its lack of pavements and the loblolly condition of its so-called walks. The improvement is badly needed, and there is scarcely a doubt but that the residents along Commerce would welcome and appreciate a movement looking to the betterment of its sidewalks.

DRAMATIC

Was Scene When Woman Said to Groom, "Here's Your Son!"—Bride Fainted

FALL RIVER, MASS., October 25th.—Like the climax out of a drama was the revenge of a discarded woman at the wedding of her lover, Charles J. Reagan, a Banker, and Miss Mary Chadwick in the Cathedral today.

After the marriage the bride and groom, accompanied by the matron of honor and the best man, started slowly down the aisle, keeping pace to the wedding march. The procession had gone half way when a veiled woman clad in black arose, and picking up a four-year-old boy held him out to Reagan.

"Stop, Charles Reagan," she cried.
"Miss—Miss Sullivan," Reagan gasped.
"Yes, it's me," answered the woman.
"Here he is—here is your son. I've taken care of him for four years. You must take him now—your son and your wife."

The bride fainted, and when she revived she returned to her own home. Mr. Reagan left town this evening, refusing to make known his destination. He took the child with him.

THEATRIUM

Palmer and Dockman proved to be a big success last night after playing this city for the second time. Mr. Palmer's voice in singing "In Woodland" is pronounced one of the best.

Aside from being a good singer he is an adept on a zylphone, assisted by Miss Dockman with a chair juggling act styled "The Girl With the Chair," an act without an equal, holding the chair in her teeth, swinging and balancing it with ease, at the same time doing a contortion act something out of the regular line of play seen in Maysville. Miss Dockman is pleasing as well as charming, using language that is seldom heard on the vaudeville stage. New motion pictures tonight and a big surprise for those who attend. Do not miss seeing Palmer and Dockman, as they have proved to be winners. With Palmer's sweet voice and Miss Dockman's wonderful act and charming ways the show is great. See it. RUBBER WITH LIFE IN IT.

When you buy anything in rubber goods it pays to get the kind with rubber in it. Many makers of rubber goods are pliant to the demands for cheapness, and hence the market is flooded with inferior goods that hardly resemble rubber.

Quality counts in this line, and we are careful to buy of makers who have a reputation for turning out high-grade goods only. You can have confidence in the rubber goods we offer, no matter how low the price is.
